 seven scores of each among all universities in Thailand Vision  
 and MissionVisionTransforming AIT to be a respectable international graduate institution  
 whose research and education contribute to the development of Asia  
 by making AIT more global more innovative more entrepreneurial and  
 more economically relevant while leveraging on its social impact core  
 strengths MissionThe mission of AIT in the context of the  
 emerging environment is to develop highly qualified and committed professionals  
 who will play a leading role in the sustainable development  
 of the region and its integration into the global economy  
 Guided by the above clear timeless vision and mission the  
 dedicated students faculty and staff of AIT are set to  
 steer the Institute along its path of becoming A trailblazer  
 in advanced education in the region with leadership in IT  
 and new types of multidisciplinary programsAn exemplary institution with an  
 emphasis on academic quality in terms of courses and other  
 aspects of operationA leader in professional development programsA hub for  
 the implementation of regional and transnational research projects and a  
 research facility for academic professionals A nexus for networking with  
 other academic and research institutions in the region and the  
 worldA model international citizenA collaborator and partner of national postgraduate  
 institutionsA financially viable self sustaining institution able to draw support  
 from donors the private sector and individuals with good governance  
 and strong leadershipA strong partner to its alumni who are  
 principal stakeholders through the AIT Alumni Association AITAA Southeast Asia  
 Treaty Organization SEATO initiate establishment of a regional graduate school  
 of engineering with principal support to be provided by SEATO  
 member countries Australia France New Zealand the U K and  
 the U S with additional support from other regional member  
 countries Pakistan the Philippines and Thailand SEATO Graduate School of  
 Engineering project is approved by the SEATO Council of Ministers  
 at a meeting in Manila SEATO Council of Ministers Meeting  
 in Wellington New Zealand in April approves the establishment of  
 the school by September On July His Majesty King Bhumibol  
 Adulyadej of Thailand signs the Royal Decree establishing the SEATO  
 Graduate School of Engineering The school opens on September first  
 graduation ceremony is held in March Constituent Assembly of Thailand  
 approve legislation for the Charter of the newly named Asian  
 Institute of Technology in October The Asian Institute of Technology  
 Enabling Act is published in the Royal Thai Government Gazette  
 in November AIT becomes independent of SEATO as an institution  
 of higher learning empowered to grant degrees Majesty King Bhumibol  
 Adulyadej of Thailand graciously presides over the Eighth Annual Graduation  
 in May the first for the newly named Asian Institute  
 of Technology Majesty King Bhumibol Adulyadej of Thailand graciously presides  
 over the opening of the new campus in Pathumthani in  
 February anniversary is celebrated with a donors meeting Financial support  
 is provided by governments and over organizations foundations and industries  
 Institute marks its anniversary in September with a donors meeting  
 where the Academic Plan is unveiled aimed at achieving a  
 balance between classical engineering and management fields The plan emphasizes

consolidating thirteen existing priority fields of study and research that meet the criteria of relevance to Asian needs and of practicability and the Government of Vietnam signs an M O U in February to establish the AIT Centre Vietnam in Hanoi The Institute undergoes academic re structuring in which smaller academic units are grouped together in Schools toward achieving greater synergy anniversary is celebrated with numerous special events including the AIT Stakeholders Forum September focusing on the challenges ahead A round table discussion is held including AIT s trustees donors faculty staff students and alumni in addition to representatives of international organizations NGOs and the private sector s anniversary is celebrated not only in Thailand but also in various other countries Campus brochureDownload a campus brochure to learn more about our campus Download About About AIT Facts and figures Rankings LeadershipPeopleMeet our facultyMeet our staff LocationSubscribe to our newsletter Subscribe to our newsletterFollow us on social media P O Box Moo Km Paholyothin Highway Klong Luang Pathum Thani Thailand AITFacts and figuresRankingsLeadershipPeople Meet our faculty Meet our staff LocationCentersAcademicsAcademic calendarAcademic ProgramsStudy optionsStudent opportunitiesSchoolsApply to AITAdmissionsFinancial aidTuition and feesStudent housingApply onlineResearchResearch CentersResearch ThemesResearch ProjectsResearch PublicationsCampus lifeHousingDiningHealth WellnessCultural diversityAthleticsCareer developmentFacilitiesVirtual tour Partners News Events Key thematic areas Work at AIT Branding Contact A Z Units Asian Institute of Technology All Rights Reserved Designed by OutsourcifyPrivacy PolicyTerms and conditionsWe use cookies on our website to give you the most relevant experience by remembering your preferences and repeat visits By clicking Accept All you consent to the use of ALL the cookies However you may visit Cookie Settings to provide a controlled consent Cookie SettingsAccept AllManage consent Close Privacy OverviewThis website uses cookies to improve your experience while you navigate through the website Out of these the cookies that are categorized as necessary are stored on your browser as they are essential for the working of basic functionalities of the website We also use third party cookies that help us analyze and understand how you use this website These cookies will be stored in your browser only with your consent You also have the option to opt out of these cookies But opting out of some of these cookies may affect your browsing experience Necessary Necessary Always Enabled Necessary cookies are absolutely essential for the website to function properly These cookies ensure basic functionalities and security features of the website anonymously CookieDurationDescriptioncookieinfo checkbox monthsThis cookie is set by GDPR Cookie Consent plugin The cookie is used to store the user consent for the cookies in the category Analytics cookieinfo checkbox monthsThe cookie is set by GDPR cookie consent to record the user consent for the cookies in the category Functional cookieinfo checkbox monthsThis cookie is set by GDPR Cookie Consent plugin The cookies is used to store the user consent for the cookies in the category Necessary cookieinfo checkbox monthsThis cookie is set by GDPR Cookie Consent plugin The cookie is used to store

Do I need to apply for the scholarships listed on the AIT scholarship website You do not need to apply separately for the scholarships Once you have submitted the application online you will be automatically considered for all scholarships for which the deadline has not expired and for which you are eligible The type and amount of scholarship given to applicants is on a competitive basis with the main criteria of academic standing Should you wish to be considered for full scholarships you must submit an Official English score of including writing and overall that is not older than years Please check acceptable test results here How can I obtain the application form Application to AIT is now fully online Thus please apply using the Online Application Who must write my letters of recommendation Your referees should be well acquainted with your intellectual abilities academic performance and personal character Only applicants for the doctoral degree program must submit at least recommendation letters no recommendation letters are required for master degree programs Do you require interviews for admission When and where Applicants from selected countries will be called for interview The School will contact you directly for the arrangement Will you waive my admission interviews since I was admitted last year but chose not to register No As the application assessment varies from each intake your application in the next intake must be as competitive as those with others applying in that same intake Is proof of English language proficiency required Yes all AIT programs are conducted in English thus you will need to provide proof of adequate English language proficiency There are three ways to provide proof of adequate English language proficiency Citizenship of an English speaking country Applicants who are citizens of and have been educated in an English speaking country Australia Canada Ireland New Zealand the UK and the USA are exempted from English testing Proof of citizenship and studies must be submitted Certificate of English Medium of Instruction Applicants who have earned a degree at a university at which English is the sole medium of instruction may submit a document signed by the University Registrar attesting to English medium of instruction AIT reserves the rights to accept or reject such certificate based on our extensive list of recognized certificates of English Medium of Instruction Applicants who submit a certificate are requested to sit the AIT Academic Writing Test upon arrival to determine their level of proficiency on the AIT scale If your submitted certificate is not acceptable we will inform you immediately In this case you are required to submit an English score of AIT approved tests See Number below Approved test of English language proficiency Applicants with good undergraduate records and minimum scores on official tests of English proficiency can be admitted without conditions The approved tests and minimum scores are AIT EET Academic Module Writing band Other test scores such as TOEFL Internet based computer based paper based CEFR and may be considered based on equivalent scores to the IELTS Academic Module Students with good academic records with lower scores may receive conditional admission They will be required to attend English classes at AIT until

their scores improve Please see the test score comparison table here Those who are interested in applying but do not meet the minimum English proficiency requirements for admission or conditional admission are recommended to study English in their home countries until they are ready to re apply What is the AIT English Entry Test AIT EET The Language Center LC offers a minute in house test of English proficiency called the AIT English Entry Test EET The score is based on a nine point scale similar to the IELTS test The Writing score which is the most important at AIT is based on an essay The test result will be e mailed within days The LC will report the test result to the AIT Admissions only if the score is satisfactory for provisional admission If applicants fail to obtain the minimum score requirements for admission they may take the test again There is no limit to the number of times they can take the test but we encourage applicants to study and improve their English before retesting The test is conducted several times per week on campus Alternatively the test can be taken online through our online EET test application For more information or English test application please see here Where can I find the information about English classes at AIT You can find the information on English classes and other services offered by the Language Center here Are there any Thai classes offered Yes the Language Center offers Thai courses What is the AIT writing test AWT All new students who have either not submitted a test score for admission e g those who submitted a certificate of English medium of instruction or have taken the online EET or have taken the EET outside of Thailand where the testing was not conducted by AIT Language Center or the Schools of AIT must take the AIT Writing Placement Test AWPT to validate their writing scores and to be able to register for classes The AWPT consists of two tasks The first is a description of data words and the second is an essay words These two tasks are scored on a nine point scale The criteria for scoring are similar to those for the IELTS academic writing test For more information please see here An AWPT score of or IELTS writing score of or LC approved equivalent or satisfactory completion of EL Pass should be attained by the end of the second semester This will be a condition for registration for dissertation thesis research study project Students with AWPT score below are required to take mandatory English Language EL courses at the AIT Language Center until they meet the English language requirements Students who wish to attend English courses outside AIT in lieu of the EL courses need to seek prior approval of the Language Center before the start of the program and need to provide proof of attendance I obtained a degree at a university at which English is the sole medium of instruction Can I submit a certificate in place of English Test score You can submit the Certificate of English Medium of Instruction issued by the Registry Office

of your previous institute We do reserve the rights to accept or reject such certificate based on our extensive list of recognized certificates of English medium of instruction Alternatively you can take AIT EET test on campus or online However should you wish to be considered for full scholarships you must submit an English test score that is not older than years Please check acceptable test results here My English test is old is it still valid The validity of English tests is two years Please check acceptable test results here Is TOEFL ITP acceptable to AIT NO it is not We only accept Paper Test CBT and IBT Fees and How much is the application processing fee The processing fee is Baht or US How should I pay the application processing fee It must be sent together with your application Payment must be received in order for your application to be processed After the submission of your online application there is option to pay the processing fees through online credit card The other mode of payment is also available Please see below in number Can I pay the online application processing fee using credit cards Processing Fees US or Baht can be paid online using credit card Visa MasterCard and American Express before submitting the application online or through your friends in Thailand Fees can also be paid through western union in this regard please write to email protected for further details If you are not able to pay online or western union payment can be made through bank transfer to AIT bank account Once the payment is done through bank transfer please send the bank transaction detail to email protected to process your application internally Bank account details Bank Name Siam Commercial Bank Thailand Bank account name Asian Institute of Technology Bank current account number or please use this account for those transfer from overseas Bank savings account number please use this account for those transfer inside Thailand Bank SWIFT Code SICOTHBK Bank address Moo Klong Nueng Klong Luang Pathumthani Thailand If you would like transfer through Western Union Payment Please send an email to Admissions office email protected to request the details Can the application processing fee be waived No it cannot After submitting the application the applicant must pay the application processing fee How much does it cost to study at AIT The different program of study costs are in this site <https://ait.ac.th> tuition and fees If I apply and accepted this intake can I defer to the next intake with the same condition Yes you can defer your entry until the next academic semester However the financial conditions of the admission may change depending on the competitive assessment for the next semester You are also required to pay the application processing fee to reactivate your admission Financial Do you offer financial support How do I apply Yes we have various forms of financial packages available to highly qualified applicants from funds granted by donors as well as from AIT itself Please check this site Are there scholarship grants available for international students to apply for AIT offers a limited number of financial

awards in the form of scholarships for the Master's and Doctoral programs on a highly competitive basis to applicants who have been evaluated as outstandingly qualified for admission and who can show proof of financial need during their study at AIT. For details please go to Scholarships. Can Flexible Master or Doctoral Program receive full financial support? No, our target audience for the flexible programs are the working people who are not able to join full-time students on campus. Offering of AIT Scholarship for flexible programs are on a very competitive basis. When is the school intake and the application deadline? The AIT academic year consists of two semesters: January and August for School of Engineering and Technology (SET) and School of Environment, Resources and Development (SERD). For School of Management, the academic year consists of five terms: January, March, June, August, and October. For more details on specific application deadlines, please visit the Admission Deadline. If I apply and am accepted, this intake, can I defer to the next intake with the same condition? Yes, you can defer your entry until the next academic semester. However, the financial conditions of the admission may change depending on the competitive assessment for the next semester. You will have to pay the application processing fee to reactivate your admission. I am in the final year of bachelor's degree, can I apply for the Master's Degree? Yes, please be sure that you will graduate before the classes begin and the original documents must be shown to the Admissions Office before enrolment. Services and Is the pick-up service from the airport free of charge? Pick-up service from the airport is free of charge if arrival is during the arrival period mentioned in the offer letter. The pick-up service is provided by the Student Union. If arrival is not within the set arrival period, you have to arrange your own transportation from the airport to AIT. For details, please refer to Guidelines. Should I take a computer with me? AIT provides limited computer facility for each school where computing access is available. You are encouraged to have your own personal computer. All classrooms, dormitory rooms are provided with link to the AIT local area network (LAN) and Wifi. I am not a Thai citizen. If accepted, will you assist my visa arrangement? Yes, AIT will assist in arranging for your Educational ED Visa through the AIT Government Relations Unit, including extension of your ED Visa till you complete your study. Do students have Medical Insurance? Yes, AIT has a standard insurance plan which covers certain costs of hospitalization, outpatient treatment, dental, and personal accident, but not major medical expenses. For details of the insurance, please check the student welfare website. Do you have campus accommodation? Yes, AIT offers on-campus accommodation on a limited basis. In case on-campus accommodation is not available, you may choose to live off-campus. AIT Accommodation office will provide assistance for off-campus accommodation. Email: email\_protected\_Tel Website: <https://ait.ac.th/student-housing>. Am I allowed to move out before the end of the housing contract? Yes, as long as all financial obligation has been

settled Am I allowed to stay outside the campus without Institute assistance Yes Once enrolled and usually with second semester onwards you may request a written permission from the School Dean and the Director of Office of Student Affairs to live off campus on your own Do I have to buy my own bed sheets and pillowcases Most dormitory units provide linen pillow bed sheets and towel You may like to bring or buy extra upon arrival from nearby shopping areas However students who will avail of married accommodation and Category units are required to provide their own linens Are there any convenience stores on campus There are several convenience stores on campus where you can get most basic supplies for daily living such as Eleven but quality and choice may be limited and prices higher than in local markets Additional shops are located in the AIT Arcade specifically a bakery a shop that sells snacks and toiletries clothing and souvenir stores a book and stationery shop salon shops a tailor and an IT shop <https://ait.ac.th/facilities>

What kind of food AIT serves The AIT Cafeteria on campus serves Asian Halal Western Thai and Vegetarian dishes It is open from a m to p m where you can find Minimum cost meals worth Baht At SU Snack food vendors sells Halal dishes It is open from a m to p m There are also a number of coffee shops in different academic buildings which are open during office hours from a m to p m and Kiosk shops available for specific types of food around the campus which are open till p m We have also convenience store Eleven which are open hours a day Students however should not always expect to be able to obtain food of exactly the kind they are used to Am I allowed to work in Thailand Under the Royal Thai Government regulations foreign students on a student visa are not allowed to take up employment and work in Thailand However AIT students are allowed to work as a Student Assistantship on the AIT campus as Research Teaching Administrative Assistance I am married Can I bring my family during my study at AIT Students who are married and wish to bring their families to AIT need to submit a copy of passport and a copy of marriage certificate or evidence to support the marital status These documents must be attested by your Ministry of Foreign Affairs and then by Local Thai Embassy at your home country Please be advised that no spouse or family member is allowed on campus accommodation until availability of married unit has been confirmed in writing by the student Accommodation Officer Please also note that under the Thai Immigration Laws no dependents of Non Thai AIT students are permitted to work outside AIT under a dependent Category O visa For further inquiries on student accommodation please contact the Student Accommodation Unit at [email\\_protected](mailto:email_protected) Tel What sport facilities you have on campus AIT offers many opportunities for on campus sports activities including golf swimming basketball badminton tennis table tennis volleyball football cricket hockey running squash and

petanque A multi purpose field more popularly known as the cricket field squash courts tennis courts badminton courts a basketball court and running track of several km lengths are all located on the AIT campus I heard AIT has a golf course is that true Yes that s true AIT has a beautiful holes golf course on hectares land with large old trees lakes and with a diverse wildlife Campus How to reach AIT for a campus visit For details please click Visit Student How can I contact the Student Union For details please visit <http://www.su.ait.ac.th> Contact email [protected](mailto:protected) Tel I wish to reapply what is the procedure In order to reactivate your application you have to pay again an application processing fee and send the receipt to email [protected](mailto:protected) No need to submit a new application Can I reapply and change the school and academic program Yes you can Please email [email protected](mailto:email protected) for the change of academic program and also attached receipt of your payment for the application fee Upon Enrolment Academic Does the Institute apply the class attendance system All students are expected to attend their classes as per the semester class schedules Will I get a certificate or transcript at the end of the semester Yes Certification or transcript will be provided upon request Do you accept transfer of credits For certain joint degrees and exchange programs the Institute allows credit transfer but not grade transfer as stipulated in the agreements signed with partner universities Do I have to wear uniform Students are not required to wear any uniform Please note that the climate in Thailand is generally hot humid Light clothing is recommended However students are expected to wear semi formal casual attire in class Apply Admissions Eligibility Financial aid Tuition and fees Student housing Apply online Frequently Asked Questions Subscribe to our newsletter Subscribe to our newsletter Follow us on social media P O Box Moo Km Paholyothin Highway Klong Luang Pathum Thani Thailand AIT Facts and figures Rankings Leadership People Meet our faculty Meet our staff Location Centers Academics Academic calendar Academic Programs Study options Student opportunities Schools Apply to AIT Admissions Financial aid Tuition and fees Student housing Apply online Research Research Centers Research Themes Research Projects Research Publications Campus life Housing Dining Health Wellness Cultural diversity Athletics Career development Facilities Virtual tour Partners News Events Key thematic areas Work at AIT Branding Contact A Z Units Asian Institute of Technology All Rights Reserved Designed by Outsourcify Privacy Policy Terms and conditions We use cookies on our website to give you the most relevant experience by remembering your preferences and repeat visits By clicking Accept All you consent to the use of ALL the cookies However you may visit Cookie Settings to provide a controlled consent Cookie Settings Accept All Manage consent Close Privacy Overview This website uses cookies to improve your experience while you navigate through the website Out of these the cookies that are categorized as necessary are stored on your browser as they are essential for the working of basic functionalities of the website We also use third party cookies that help us analyze and understand how you use this website These cookies will be

Research Projects Know Our ResearcherRecognized as one of the leading

academic institutes in the field of sustainability in Asia AIT

through its research projects thrives to take on new research

frontiers to build a better knowledge base and facilitate actions

towards the sustainable development of the region With an aim

to make a significant and lasting difference to the communities

AIT s research projects are designed to bolster technology development

and application environmental conservation policy innovation thus promoting sustainability and

sustainable development around Asia and beyond AIT equipped with over

six decade long research and academic experience has effectively built

and strengthened regional and international partnerships bridged interdisciplinary teams through

its partnerships to address regional and global challenges AIT research

is importantly aligned to all SDG s contributing to the

sustainable development of the region strengthening the knowledge development and

business capacity and supporting communities with their economic development and

integration into the global economy AIT focuses on assisting stakeholders

build their capacity to promote sustainability through appropriate technology relevant

and applied research sustainable frameworks for development and planning informed

policy making and practice applications in the region AIT s

five thematic areas of research are namely Climate Change Smart

Communities Infrastructure Technology Policy Society and Water Energy Food Research

cutting edge and solution oriented research in climate change in an interdisciplinary setting The research addresses the issues of how human activities and changing climate affect each other and explores the technology and policy options needed for low carbon development and improving climate resilience for sustainability Through an interdisciplinary approach taken AIT research examines greenhouse gas emissions and the impacts of climate change from social environmental and technological perspective The climate change research theme aims to help determine and support the development of effective solutions with appropriate mitigation and adaptation strategies including economic social and ecological approaches that are also complementary to other challenges such as Sustainable Development Goals Sub themes Transition toward Net Zero Emissions Climate Change and Ecosystem Enabling Technology and Innovations Societal Dimension of Climate Change Cities and Climate Change Climate Change Adaptation

and Resilience For details on sub themes please see Link SMART COMMUNITIES Due to rapid urbanization urban rural disparity growing environmental footprint and inequality the communities are facing economic environmental and social challenges However they are also trying to leap frog through grasping the new opportunities presented by smart technologies the digital revolution and the policy innovation that are rapidly emerging to issues facing them Especially experiences of smart urban and rural communities are supported by a wide range of information and communication technology ICT systems that provide advanced and innovative services to create a positive impact on society that spans all sectors AIT s research focuses on the transition to smart communities by leveraging innovative technologies and practices in delivering better economic social and environmental outcomes for the community Within the changing context of smart communities from infrastructure supply oriented to improving citizens quality of life the research is conducted in a multi and interdisciplinary way integrating the different dimensions of development such as technology environment socio economic and governance Sub themes Emerging Technologies for Inclusive Development of Rural and Urban communities Ecosystem based Environmental Solutions for Communities Digital Transformation for Economy and Business For details on sub themes please see Link FOOD ENERGY WATER Water Energy and Food are vital and critically important to human societies and their economic and livelihood activities They are inextricably interrelated to each other and with other societal goals Global challenges of climate change ecosystem degradation intensive economic growth population growth and urbanization are increasingly threatening the security and services of WEF systems With the growing demands of WEF resources driven by these challenges the social and environmental implications are increasing with unpredictable impacts on livelihoods and the environment In order to reduce the negative impacts of and across the WEF nexus effective solutions with integrated low carbon and multi

sectoral adaptation strategies and policies are needed urgently To achieve long term water energy and water security there is also a need to step up the efforts dealing with technology development in addressing the main environmental issues The research encompasses the field of each domain of WEF resources and the nexus approach that considers all three different dimensions recognizing the interdependencies of different resource uses sustainably The issues covered in relation to WEF sectors include efficiency equity resilience and sustainability as well as the key questions required to enhance the adoption of technologies and policies to promote the strong synergies of food security energy and water investments Sub themes Food Security Sustainable Energy Water Management Food Energy Water Nexus For more details on sub themes please see [Link INFRASTRUCTURE](#) Infrastructure systems play a critical role in social and economic activities and function as critical lifelines for connecting communities industries markets goods and services as well as for efficient governance Infrastructure forms the backbone of any social and political development of communities and countries Hence investments in infrastructure are increasing rapidly especially in developing countries to meet the increasing demand for reliable and efficient transportation power telecommunication and water often termed as the basic services essential for human and social well being However across the world millions of people are still facing severe absence and shortages of such systems Unreliable power grids inadequate water supply and sanitation systems and poor transportation networks are still a huge plague in many developing nations The improvement and resilience of infrastructure systems and services have become vital in the path toward sustainable development and for resilient and prosperous societies In responding to the future trends and challenges with the rapidly growing communities it is essential to ensure that the infrastructure systems and facilities are designed with sustainable resilient and inclusive approaches With technology expanding at the rate it is now infrastructures need to be flexible to adapt to technological improvements and incorporate better solutions as they become available AIT s infrastructure theme represents the physical components of interrelated systems providing commodities and services essential to enable sustain or enhance societal living conditions That includes transportation systems and networks including roads bridges and mass transit housings buildings and facilities electrical grids ICTs networks including telecommunications Sub themes Planning and Management Water Infrastructure Digital ICT Infrastructure For details on sub themes please see [Link TECHNOLOGY POLICY AND SOCIETY](#) The future of economic prosperity and inclusive societal transformation depends on how we address the key societal issues benefiting from emerging innovative technologies and policies The application of digital technologies bio process technologies environmental technologies energy technologies and nanotechnologies holds the greatest potential for competitiveness and sustainable growth in the countries it can be used appropriately Despite the major technological advancements the complexity of technologies and the implications they have for many aspects of social life still need to be fully understood and issues of disparity division and inequality remain The understanding of the ongoing digital transformation and consequences of these new and emerging technologies is important to improve individual and societal outcomes particularly in the face of increasing societal pressures AIT s Technology Policy Society research theme is cutting

edge research focused on technology development and application policy innovation and development and societal issues including the nexus between them  
The theme recognizes the growing need of bridging the gap between technology and policymaking which requires an understanding of the policy tools required for modern society and modern technologies In view of this the research explores how social science and technology interact with everything from environmental issues to public policies and a better understanding of the impacts of emerging technologies artificial intelligence internet of things big data etc from societal and policy dimensions while moving forward to inclusive and sustainable development Sub themes Digital Technology Solutions and Societal Transformation Innovative Policies for Coping with Rapid Transformation taking place in the Region ICTs and the Environmental Management Equitable Societal Change and Inclusive Development Gender and Forced Displacement For details on sub themes please see [Link Research Research Overview Research Themes Research Publications Research Projects Know Our Researcher Subscribe](#) to our newsletter [Subscribe to our newsletter](#) Follow us on social media [P O Box Moo Km Paholyothin Highway Klong Luang Pathum Thani Thailand AIT](#) [Facts and figures](#) [Rankings](#) [Leadership](#) [People](#) Meet our faculty Meet our staff [Location](#) [Centers](#) [Academics](#) [Academic calendar](#) [Academic Programs](#) [Study options](#) [Student opportunities](#) [Schools](#) [Apply to AIT](#) [Admissions](#) [Financial aid](#) [Tuition and fees](#) [Student housing](#) [Apply online](#) [Research](#) [Research Centers](#) [Research Themes](#) [Research Projects](#) [Research Publications](#) [Campus life](#) [Housing](#) [Dining](#) [Health Wellness](#) [Cultural diversity](#) [Athletics](#) [Career development](#) [Facilities](#) [Virtual tour](#) [Partners](#) [News](#) [Events](#) [Key thematic areas](#) [Work](#) at [AIT](#) [Branding](#) [Contact](#) [A Z Units](#) [Asian Institute of Technology](#) All Rights Reserved Designed by [Outsourcify](#) [Privacy Policy](#) [Terms and conditions](#) We use cookies on our website to give you the most relevant experience by remembering your preferences and repeat visits By clicking [Accept](#) All you consent to the use of ALL the cookies However you may visit [Cookie Settings](#) to provide a controlled consent [Cookie Settings](#) [Accept All](#) [Manage consent](#) [Close](#) [Privacy Overview](#) This website uses cookies to improve your experience while you navigate through the website Out of these the cookies that are categorized as necessary are stored on your browser as they are essential for the working of basic functionalities of the website We also use third party cookies that help us analyze and understand how you use this website These cookies will be stored in your browser only with your consent You also have the option to opt out of these cookies But opting out of some of these cookies may affect your browsing experience Necessary Necessary Always Enabled Necessary cookies are absolutely essential for the website to function properly These cookies ensure basic functionalities and security features of the website anonymously [Cookie](#) [Duration](#) [Description](#) [cookie](#) [lawinfo](#) [checkbox](#) [months](#) This cookie is set by GDPR [Cookie](#) [Consent plugin](#) The cookie is used to store the user consent for the cookies in the category [Analytics](#) [cookie](#) [lawinfo](#) [checkbox](#) [months](#) The cookie is set by GDPR [cookie](#) [consent](#) to record the user consent for the cookies in the category [Functional](#) [cookie](#) [lawinfo](#) [checkbox](#) [months](#) This cookie is set by GDPR [Cookie](#) [Consent](#)

 and Management DPMM Cost The Flexible Master's Option has the  
 same cost as our regular On Campus Option However all  
 Schools provide AIT Scholarships for eligible candidates To give you  
 more flexibility we allow you to pay course by course  
 You need to register for a minimum of credits per  
 semester equivalent to courses You may take up to credits  
 per semester How to Apply To apply go to the AIT  
 online application form by clicking [here](#) and choose Flexible Master  
 Degree in the drop down menu of the selected program  
 Deadline The application is currently open Payment First you need to decide  
 for how many courses you want to enroll the minimum  
 enrollment is credits which is equivalent to courses The Program  
 Secretary can advise you on details You need to pay  
 the full fee for your courses before the start of  
 the semester All details to make payments are at this  
 website Click [here](#) Contact Support For More Inquiry please contact the  
 School at which you want to study School of Engineering  
 and Technology SET email [protected](#) School of Environment Resources and  
 Development SERD email [protected](#) School of Management SOM email [protected](#)  
 FAQs the degree I get through the Flexible Master's  
 Option the same as the traditional full time on campus  
 master Yes it is the same degree and you will  
 receive the same graduate diploma Due to the current situation  
 AIT has decided to release this new option to better  
 cater the needs of you We hope that will facilitate  
 your personal and professional development What are the requirements for  
 the Flexible Master's Option Is it the same as  
 the traditional full time on campus master Yes same entry  
 and graduate requirements because it's the same degree that  
 you will get What is the English requirement for the  
 Flexible Master's Option It is the same as the  
 traditional full time on campus master's Is the Flexible  
 Master's Option an online degree No it's not  
 you still need to come to the AIT campus for  
 certain activities such as labs only for certain programs and  
 research work Do I need to prove that I am  
 working to join the Flexible Master's Option No you

do not need to prove this Actually you can do the Flexible Master s Option full time and graduate in years Or as a part time student and graduate within years It is totally up to your personal choice How much does the Flexible Master s Option cost It cost the same as the traditional full time master However we provide AIT Scholarships for qualifying applicants Details are available from the Schools and the Program In addition to the registration fee and tuition fees you need to pay the application fee Bath and the Language Center fee Bath only once Can I get a scholarship for the Flexible Master s option Yes qualifying applicants will get the AIT Scholarship Of course if you can find an external scholarship to support yourself you are more than welcome to take this opportunity during your learning at AIT When is the Flexible Master s Option offered It is offered in the Spring Semester in January You can apply any time and need to pay the full fee for your registered courses min courses before January How can I apply for the Flexible Master s Option How can I apply for the Flexible Master s Option The application is online at this link Application Form Choose Flexible Master Degree in the drop down menu of the selected program How many courses I need to take minimum for every semester and how many courses maximum You need to register for a minimum of courses per semester credits and a maximum of credits How fast can I complete my master degree choosing the Flexible Master s Option The fastest completion time is similar to our full time on campus masters within a period of academic years How long I am allowed to study to complete the Flexible Master s Option The maximum study period is academic years How can I pay You can pay by money transfer the details are at this webpage Payment Advicelf I chose the Flexible Master s Option am I allowed to attend classes on the AIT campus Yes you can attend the classes on campus as well That s up to you if you follow classes online via our Hybrid Mode or come to the classroom on campus However AIT does not support visas for non Thai students during coursework time Can I choose any program of AIT for the Flexible Master s Option No this option is only available for selected programs The full list of Flexible Master s Option programs is mentioned above on this page How I can follow the lectures remotely All lectures will be delivered online via AIT s Hybrid Mode of Instruction You can attend the classes online in real time Currently we are using ZOOM to connect to the class The lecturer will be able to see you on ZOOM on a screen in the classroom You will be able to interact with the lecturer and the students in class and online Do I need to have my own Zoom account to follow the classes online No you do not need to have a Zoom account You will receive a ZOOM invitation to login

into the registered classes However we require you to use your full name when you log in for the lecturer and the other students in class and online to see who you are Are online classes recorded for later viewing Yes all classes will be recorded You can view them any time later What do I need to attend classes online You need internet connection and a computer with camera and microphone The other available option is to use a smartphone as well however we recommend you use a computer Will I have AIT student status Yes you will be a registered AIT student like every student on campus However we do not provide a student visa for the time you conduct the online coursework We will help you to obtain a student visa for the Master Thesis if you write the thesis on AIT campus Will I have an AIT email Yes as an AIT student you will have an AIT student email account during the study period Can I come to the AIT campus for my thesis Yes you can come to the campus and stay on campus at our student residences If you may prefer you can stay for semesters to complete your thesis on a full time basis Alternatively you can make other arrangements with your supervisor e g stay on campus in blocks and return home or leave for data collection This is up to your supervisor and you to arrange Can I come to AIT for my graduation Yes sure you can attend the AIT graduation ceremony How much is the registration fee The registration fee is calculated per credit of your registered courses per semester The registration fee per credit is Thai Baht For a typical course of credits the fee is Thai Baht You need to register for a minimum of credits typically courses then your total registration fee will be Thai Baht per semester Will AIT help me to get a study visa and come to Campus Yes if you come to campus after the completion of your coursework to conduct your thesis research credits or research study credits AIT will help you to get a student visa to come to campus You will not get a student visa for the time you spend on coursework from your home country Some programs may have a lab for which you need to come to campus In those cases AIT will also support your visa Apply Now Program brochure For more information Click this linkSubscribe to our newsletter Subscribe to our newsletterFollow us on social media P O Box Moo Km Paholyothin Highway Klong Luang Pathum Thani Thailand AITFacts and figuresRankingsLeadershipPeople Meet our faculty Meet our staff LocationCentersAcademicsAcademic calendarAcademic ProgramsStudy optionsStudent opportunitiesSchoolsApply to AITAdmissionsFinancial aidTuition and feesStudent housingApply onlineResearchResearch CentersResearch ThemesResearch ProjectsResearch PublicationsCampus lifeHousingDiningHealth WellnessCultural diversityAthleticsCareer developmentFacilitiesVirtual tour Partners News Events Key thematic areas Work at AIT Branding Contact A Z Units Asian Institute of Technology All Rights Reserved Designed by OutsourcifyPrivacy PolicyTerms

 Covid management Welcome to School of Environment Resources and Development Our  
 students faculty and staff are driven by the idea that  
 their work will have an impact in the world Welcome  
 to School of Environment Resources and Development Our students faculty and  
 staff are driven by the idea that their work will  
 have an impact in the world Welcome to School of  
 Environment Resources and Development Our students faculty and staff are driven  
 by the idea that their work will have an impact  
 in the world Welcome to School of Environment Resources and  
 Development Our students faculty and staff are driven by the idea  
 that their work will have an impact in the world  
 About the school The School of Environment Resources and Development SERD  
 was established in and the name SERD was adopted after  
 the EARTH Summit in Rio in emphasizing the important co  
 existence of environment and development SERD has been on the  
 forefront of developing highly qualified and committed professionals who lead  
 and guide the transition to sustainability in this region and  
 the globe This will be further important as Asia is  
 the hotbed of economic activities and rapidly integrating into the  
 global economy Our post graduate education research and outreach have  
 addressed multiple aspects of environment resources and development through several  
 academic and interdisciplinary programs at Master s and Doctoral level  
 cutting age research and outreach and capacity building activities Most  
 of our postgraduate programs strive to address the SDGs Download  
 SERD flyer Our Mission The School of Environment Resources and Development  
 is committed to excellence in graduate education as well as  
 research and outreach activities Through its academic programs and outreach  
 units SERD has been working towards capacity building and human  
 resource development in the areas of resource management development studies  
 and energy and environmental management SERD responds to regional needs  
 by mobilizing and enhancing capacities for socially economically and environmentally  
 sound development in partnership with public and private sectors The  
 School s interdisciplinary approach integrates technological natural and social sciences  
 Our Vision SERD will continue its leadership role in offering excellent  
 academic programs relevant to regional needs SERD research will be  
 concentrated toward focal area and are to be conducted by  
 core teams SERD outreach will be community service oriented SERD Programs will  
 be consolidated and financially viable The School Program activities including  
 the students staff faculty and curricula will subject to quality  
 Our Core Values Interdisciplinary Innovativeness Excellence Responsiveness Limelight of school creates  
 linkages among regional national

and international universities not only for academic but also for research purposes Some of them are interuniversity inter disciplinary and executive master programs Dynamic of students and faculty are facilitating strong connections within the region and outside the world Gender equality is also one of the aspects that the school is concerned about Enrollment of students proves gender equality within the school Currently of females and of male undertake their higher studies in SERD Facts and from from Alumni from Research Projects Why study at our school International and Multi Cultural Community Network and Achievement Academic Programs Impact Research wide range of opportunities A message from the dean A very warm welcome to the School of Environment Resources and Development SERD As Dean of the SERD it is an honor to represent our incredible family of faculty staff and students Our school takes pride in being a diverse and inclusive community comprising individuals from different backgrounds ethnicities beliefs and genders For the last three decades SERD has been committed to providing exemplary graduate education research and outreach activities on human resource development in the areas of resource management development studies and energy and environmental management Our school in partnership with the public and private sectors specializes in aiding regional capacity building needs The programs offered at SERD aim to develop students into highly devoted professionals with the necessary skills needed to lead the global transition toward sustainable development Our curriculum embraces an interdisciplinary approach allowing students to study multiple scientific perspectives and encouraging them to think innovatively SERD is a great place to be for sustainable development enthusiasts looking to enrich their careers and make a real difference in the world It is my pleasure to invite you to join us for a truly life changing academic experience Please feel free to explore our school further either online or by paying us a visit on campus I hope to have you here with us soon Prof P Abdul Salam Dean School of Environment Resources and Development Professor Sustainable Energy Transition Program Our departments School of Environment Resources and Development is home to three departments programs centers and institutes that explore the academic programs we offer Department of Food Agriculture and Bioresources FAB Department of Energy Environment and Climate Change EECC Department of Development and Sustainability DS Academic programs School of Environment Resources and Development SERD is home to three departments programs centers and institutes that explore the academic programs we offer Find programs Bangchak Initiative and Innovation Center SMARTS Center Center for Aquaculture Development Aqua Center Ostrom Center Regional Energy Resources and Information Center RERIC Naturally Acceptable and Technological Sustainable Laboratory NATS LAB Research outreach centers We have a wealth of innovative and untapped knowledge database from its masters and doctoral research activities Out outreach and research centers are set up to transform the knowledge into industrial needs Learn more Featured research projects See more research projects Adopting Circular Bio economy in Thailand Food Supply Chain Through Through Industry Academia Collaboration Jun May Climate Risk Financing for the Agriculture Sector in ASEAN Jun Dec Development of monovalent bivalent inactivated vaccines against *Streptococcus agalactiae* *Aeromonas veronii* in Nile tilapia *Oreochromis niloticus* Oct Sep Leadership View All SERD Faculty
